Mohammad Reza Zabetzadeh

Full stack web developer

- 2006/10/26
- Single
- Exempt

✉ zero0daylogic@gmail.com
📞 +989982149413
📍 Dezful - Farhang shahr

👤 Profile

A motivated young developer focused on building full-featured web applications using Django for the backend and React for the frontend. I've worked on multiple projects involving RESTful API development with Django REST Framework and responsive UIs with React. Passionate about learning new technologies, solving real-world problems, and collaborating in team environments. Always aiming to grow as a modern full-stack developer.

🎓 Education

Associate in Software Engineering

Islamic Azad University of Dezful

Oct 2024 - present

- Graduated with honors in Software Engineering
- Completed capstone project on web application development
- Achieved Dean's List for three consecutive semesters
- Received certification in Full Stack Development
- Participated in hackathons and coding competitions
